

## STOP THE CONTAMINATION

Single-stream recycling allows you to place all of your recyclables in one container for curbside collection, but some items can dirty up the load.

- Avoid diapers, plastic bags, and plastic gloves in your recycling container.
- Face mask coverings, tissues, and hygiene products are also not accepted.
- When in doubt, leave it out. Visit [bit.ly/acceptedpgc](https://bit.ly/acceptedpgc) to view a list of acceptable recycling items.
